Dear 

Freedom of information request: 18/14586 – Gold Creek golf course tender and lease documents

I refer to your application under section 30 of the *Freedom of Information Act 2016* (the Act), received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 31 May 2018, in which you sought access to Gungahlin Golf Investments P/L's (the Company) Gold Creek golf course tender and lease documents.

Specifically, you are seeking:

In relation to the Crown Lease transferred to the lessee in 2006 or thereabouts:

- 1. A copy of the sale agreement between the Territory and the Company; and**
- 2. Any other document which contains the terms, or reference to the terms, on which the Crown Lease over the golf course land was granted to the Company including documents arising in and from the tender process leading to the grant.**

I am an Information Officer appointed under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Following your agreement to a request to extend the date for decision, EPSDD is required to make a decision on your access application by 6 September 2018.

In response to your request, this decision is made in regard to point one only and is known as PART ONE. The remaining portion of your request, known as PART TWO, requires review of archived records and a response on this material will be provided to you separately; this includes information regarding the tender documents.

Decision on access

Searches were completed for relevant documents and one document was identified that falls within the scope of PART ONE of your request.

I have included as **Attachment A** to this decision the document schedule. This provides a description of the document falling within the scope of your request and associated access decision.

Portions of the document identified as relevant to your request contains information that I consider to be information that would, on balance, be contrary to the public interest to disclose under the test set out in section 17 of the Act.

I have decided to grant access, under section 50 of the Act, to a copy with deletions applied to the information that I consider would be contrary to the public interest to disclose.

My access decisions are detailed further in the following statement of reasons and the document released to you is provided as **Attachment B** to this letter.

Material considered

In reaching my access decision, I have taken the following into account:

- the FOI Act, particularly section 17 and Schedules 1 and 2; and
- the contents of the documents that fall within the scope of your request.

Exemptions claimed

My reasons for deciding not to grant access to the identified documents and components of these documents are as follows:

Contrary to the public interest information under Schedule 2 of the Act

The Act recognises the right of every person to obtain access, under its provisions, to government information (see section 7, the Act). As an Information Officer, I am required to allow access to information subject to the Act unless, on balance, disclosure would be contrary to the public interest (see section 17, the Act).

In assessing the public interest, I must apply the cascading test set out by section 17 of the Act which requires consideration of factors favouring disclosure, any favouring nondisclosure and the balance of those factors when considered cumulatively.

In relation to the document identified as falling within the scope of your request and scheduled with the status of 'Partial Release', section 17 applies as follows.

Personal Information

I have considered the release of the identified personal information and my view is that the identification of third parties would not serve the public interest by advancing open discussion, government accountability, informed debate and the provision of contextual or background information.

I am satisfied that the disclosure of this personal information could reasonably be expected to prejudice the protection of an individual's right to privacy under the *Human Rights Act 2004*. This is a factor favouring nondisclosure under Schedule 2.2 (a)(ii) of the Act.

In balancing public interest considerations I am satisfied that, on the information available, including your views on personal information provided with your application, disclosure of the identified personal information of members of the public may constitute a breach of privacy and is therefore contrary to the public interest.

Online publishing – disclosure log

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log. Your original access application, my decision and document released to you in response to your access application will be published in the EPSDD disclosure log no sooner than three days after date of decision. Your personal contact details will not be published.
