Subject: FOI - Magpie Attacks for the year 2021

CAUTION: This email originated from outside of the ACT Government. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Hi,

I am trying to potentially build up a legal case against the Access Canberra team who failed to provide me (and community in general) a service to remove an aggressive magpie that had injured more than a few people in the area in the past.

I was told on the phone by the Assistant Director of that team that they receive thousands of reports of magpie attacks causing physical injury and that it is not feasible for them to remove each one of them. So, I would like to know for the year 2021, how many magpie attacks (meaning magpie made the physical contact with a human) and magpie swoops have been reported, when they were reported, and what actions were taken and when to neutralize the threat.

Thanks
