OFFICIAL

Good afternoon [REDACTED]

Apologies for the delay in our response.

As part of reviewing your application and documents, there has been some differing views on the actual scope of your application. The Information Officer has asked us to clarify the scope to ensure that we have captured relevant information. Could you please confirm that you are seeking access to information relating to how variation 369 and the Living Infrastructure Plan targets are intended to be included in the new Planning Bill, the Territory Plan, technical specification and design guides?

Many thanks

---

Hello,

I'd like to lodge an application for documents under the *Freedom of Information Act 2016* for the following:

*All reports and information including correspondence relevant to, in relation to the consideration and/or integration and/or implementation of variation 369 and the Living Infrastructure Plan targets within the new Planning Bill, the Territory Plan, technical specification and design guides.*

Kind regards,
