Hi Affordable house team,

Thanks for your replying, but I found that your reply is same as what you sent to other affordable buyers. I hope we could have more transparency and genuinely communication in this process, so I listed my specific requirement and ask for your assistance as an important party in this scheme.

May I have a FOI for the tender of builder selection and match process? And may I know is there any requirements in your documents to ask selected builder to follow the HIA or MBA?

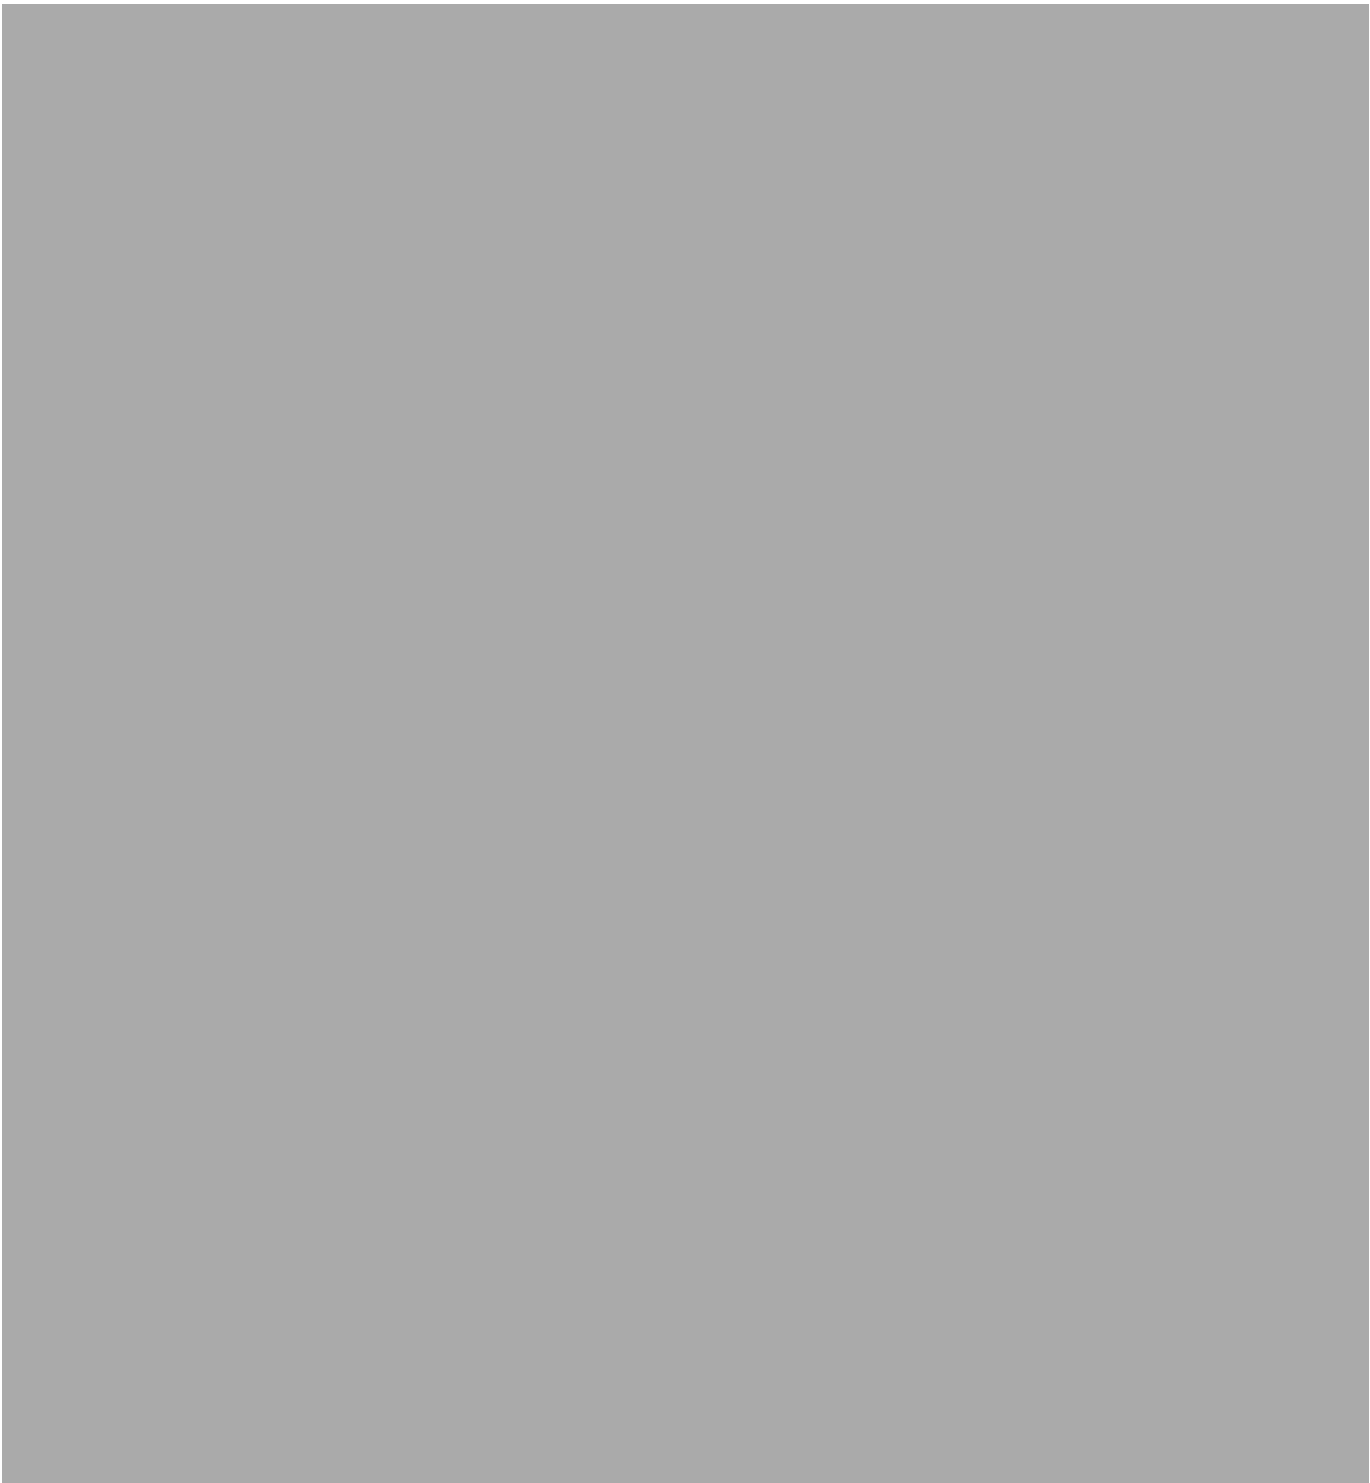

May I have the updated change for any materials and floor plan, as builder mentioned he has changed 4 times before the building approval.

In your deed with builder, it mentioned that the builder can change the materials and the floor plan, then how could you control the quality? Is there any standard or quality check list to share with us?

BTW, the complain link you provided linked to your home page not complain page. Could you please sent a new one. Thanks.

Looking forward to your reply.

Kind Regards
