FOI – Information Management Team
Environment, Planning and Sustainable Development Directorate (EPSDD)
GPO Box 158
Canberra ACT 2601

Dear Madam or Sir:

I understand that around September 2018, the owners of Kippax Fair, Holt, made an application to the ACT Government for the direct sale of the land directly to the east of and contiguous with the land currently occupied by this shopping centre. I further understand that notice was given in or near November 2020 that this application had been rejected.

I write to request under the *Freedom of Information Act 2016* (FOI Act) the following documents generated or received by the ACT Government and its divisions in relation to this application, its assessment, and its outcome:

- documents generated or received by the Direct Sale Panel as part of assessing the eligibility of the direct sale applicants and their proposed use of land;
- all comments on this proposal received by EPSDD from directorates (including EPSDD itself) when this application was circulated across the ACT Government for this purpose; and
- EPSDD's request to the ACT Government to make a formal decision regarding this proposal, the government's response, and all other documents generated or received in relation to this request and response, excluding those of a purely administrative nature.

I make this request pursuant to section 30 of the FOI Act.

[REDACTED]

Should you require any further information or clarification about my request, please contact my office on [REDACTED].

All best wishes,

[REDACTED]
