Dear [REDACTED]

Decision on Freedom of Information Access Application 22/48136

I refer to your applications made under section 30 of the *Freedom of Information Act 2016* (the Act) received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 27 April 2022, in which you sought access to documents relating to Part Block 14 Section 38 Fyshwick. All three applications were considered as one application for the purposes of processing under the Act.

The refined scope of your application was specifically seeking:

- *Schedules of mowing/slashing undertaken in the entirety of the area identified as FS915 in the Bushfire Operations Plan over the period 1 December 2016 to 31 December 2021.*
- *The proportion of costs attributed to mowing/slashing undertaken in the entirety of the area identified as FS915 over the period 1 December 2016 to 31 December 2021.*

I am an Information Officer appointed under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Due to an extension of time granted by you, and the need for third party consultation, EPSDD must make a decision on your application on or by 29 August 2022.

Searches Conducted

Comprehensive searches were conducted and 12 documents containing information within the scope of your application were identified.

Decision on Access

I have included as **Attachment A** to this decision the schedule of relevant documents. The schedule provides a description of each document that falls within the scope of your application and the access decision for each of those documents.

I have decided to grant full access to six documents relevant to your application.

I have decided to grant partial access to six documents and, in accordance with section 50 of the Act, provide you with copies of documents with deletions applied to contrary to the public interest information.

My access decisions are detailed further in the following statement of reasons and the documents released to you are provided as **Attachment B** to this letter.

Slashing invoices were not available for FS915 for the 2019-20 FY as fuel load assessments demonstrated that the grass loads met the bushfire standard required for grassland fuel due to the dry conditions. No slashing was necessary or undertaken as a result.

Material Considered

In reaching my access decision, I have taken the following into account:

- the FOI Act, particularly sections 6, 17, 50, and Schedule 2
- the content of the documents that fall within the scope of your request
- the *Human Rights Act 2004*
- the views of the third party consulted
- information publicly available

Public Interest Considerations

My reasons for deciding not to grant access to certain documents and components of these documents are as follows:

Information Disclosure – Schedule 2 of the Act

The Act recognises the right of every person to obtain access, under its provisions, to government information (see section 7, the Act). As an Information Officer, I am required to allow access to information subject to the Act, unless, on balance, disclosure would be contrary to the public interest.

In assessing the public interest, I must apply the test outlined under section 17 of the Act which requires consideration of factors favouring disclosure, any favouring nondisclosure and the balance of those factors when considered cumulatively.

Factors Favouring Disclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2, 2.1(a)(i) – Promote open discussion of public affairs and enhance the government's accountability.
- Schedule 2, 2.1(a)(viii) – reveal the reason for a government decision and any background or contextual information that informed the decision.

Factors favouring Nondisclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2, 2.2(a)(xiii) - prejudice the competitive commercial activities of an agency.

Commercial Activities

Documents relevant to your application contain commercial information relating to the cost of services from a third party. I have considered how the public interest would be advanced by releasing this information in part or in whole. It is my view that the information if disclosed, could reasonably be expected to prejudice the competitive commercial activities of the agency, and the third party, under Schedule 2, 2.2 (a) (xiii) of the Act. On balance, and

the information available to me, I am satisfied that the disclosure of this commercial information is not in the public interest.

To provide you with the information that I have determined to be in the public interest to release, copies of some documents have been prepared with commercial information redacted in accordance with section 50 and the Objects of the Act.

Charges

In accordance with section 107(2)(b) of the Act any charges applicable are waived.

Online Publication

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log. Your original access application, this decision and documents released will be published in the EPSDD disclosure log no earlier than three days after you receive this decision. Your personal contact details will not be published.
