Good afternoon EPSDFOI,

I am writing to thank you for the email yesterday giving me access to a number of documents relating to the Hall Park Upgrade.

I am now writing to request, under the Freedom of Information Act, documentation in relation to the construction of the Centenary Trail;

- the SHE relating to the Centenary Trail construction between the Barton Highway/Victoria Street Hall
- any emails or correspondence between the Village of Hall and District Progress Association (Progress Association), landholders or residents of Hall and your department
- any notes following meetings with members of the Progress Association, landholders or residents of Hall and your department.

Yours truly
