Dear *Simon* Minister

Master Builders Fidelity Fund Scheme

In accordance with our reporting requirements, I enclose the following documents for your reference:

- Actuaries Report – Valuation, Certificate of Solvency and Contribution Rates and Contribution Certificate as at 30 June 2012
- Price Waterhouse Coopers Peer Review as at 30 June 2012

The financial audit report will be forwarded to you early in January following final sign-off by the auditor.

The Fidelity Fund has been a great success with the total number of Certificates issued since the fund commenced being almost [redacted].

We are pleased to advise that the Northern Territory government have now implemented a Fidelity Fund Scheme which has been modelled on that of the successful ACT Fidelity Fund Scheme. This will commence on 01 January 2013 and will be administered by MBA Northern Territory.

The Master Builders Association again acknowledges the continuing support of the ACT government. The establishment of this Fund has secured a stable environment for the building and construction industry in providing home warranty insurance for ACT builders and consumers. Given the recent turmoil over Home Warranty Insurance, especially recent press coming out of Victoria, it is comforting for the ACT that we have a system that is not subject to the vagrancies of the larger insurance companies.

Should you have any questions regarding the above reports, please do not hesitate to contact me.

Yours sincerely

Jerry Howard
