Dear EPSD FoI,

Thank you for the information you provided in FOI 24/034573. I am requesting further information please. I would like to know how much of the money budgeted for 2023/24 was actually spent on weed control for each of the areas listed. Given that the hectares controlled was about the same as the previous year but the budget was increased significantly, it seems unlikely that the budgeted amount was fully expended.

Given that information that I explicitly requested not to be included was included in my previous request - ie, rangers who contributed to control work - I would like to know the number of staff who were actually part of the Invasive Plants Programme for the years listed.

If you need further clarification regarding this request, please let me know. I look forward to seeing what additional information that I have not requested will be added this time. It really doesn't matter as long as you clearly state the information that I have requested.

Regards,  
[REDACTED]
