Hi EPSD FOI,

Further to my request, I need for the budget figures to be broken down by contributions to the invasive weeds program from different sources. This is very important.

Thanks again.

Would you please acknowledge receipt of my FOI request and the date when this information will be made available.

Dear EPSD FOI,

I am requesting information under the freedom of information act. I am requesting the annual reports of the Invasive Weeds Program for 2019-2022 and the budget for this program. There is a chart showing the increases and decreases for this area over time. I would also like these budget figures listed for the last 5 years. This information was available on the website for the program but was removed recently.

Please note the information that I require is specific to that program. They have their own annual reports and budget information. Also, please do not confuse this request for information regarding the newly established invasive weeds initiative. I need the information on the established program and its recurrent budget. If you are still unsure about the information that I am requesting, please let me know.
