---

Good morning

May I please have a copy of the 'major projects review group' (as referred to in <https://www.watoday.com.au/national/act/manuka-residents-knocked-back-in-bid-to-stop-development-in-forrest-fire-station-precinct-20170213-gubfmm.html>) report and decision into the proposed development at 2 Fitzroy Street Forrest (Block 8 Section 35 Forrest) relating to their decision to reverse the original decision by the planning directorate to reject the submitted development application that included a second office and a car stacker.

Can I also have a copy of:

- All correspondence and material submitted to the review group
- All correspondence and material issued by the review panel, including the final report
- A copy of any ministerial advice provided to and from the review panel

Best wishes

[REDACTED]
