Dear [REDACTED]

Freedom of Information 20/101214

I refer to your application made under section 30 of the *Freedom of Information Act 2016* (the Act) received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 18 December 2020. In which you sought access to documents relating to the Community Zero Emissions Grant awarded to JT Clay

Specifically, you are seeking:

All documents relating to the Community Zero Emissions Grant to JT Clay for The Carbon Diet. This request includes, but is not limited to, the contract between JT Clay/The Carbon Diet and the ACT Government, when the grant monies were paid, internal and external correspondence, Ministerial directions or briefs.

I am an Information Officer appointed under section 18 of the Act to deal with access applications made under Part 5 of the Act.

As third party consultation was undertaken and extensions to the decision date granted by you, EPSDD must make a decision on your application on or by 16 March 2021.

Thank you for your patience during this process.

Searches Conducted

Comprehensive searches were conducted and 69 documents within the scope of your application were identified.

Decision on Access

I have included as **Attachment A** to this decision the schedule of relevant documents. The schedule provides a description of each document that falls within the scope of your application and the access decision for each of those documents.

I have decided to grant full access to 24 documents relevant to your application.

I have decided to grant partial access to 45 documents and, in accordance with section 50 of the Act, provide you with copies of documents with deletions applied to contrary to the public interest information.

I have refused access to one document as I consider the information to be contrary to the public interest.

Third Party Consultation

In accordance with section 38 of the Act, consultation was undertaken as documents included information that may have been of concern to a third party. No objections to release were provided.

My access decisions are detailed further in the following statement of reasons and the documents released to you are provided as **Attachment B** to this letter.

Material Considered

In reaching my access decision, I have taken the following into account:

- the FOI Act, particularly sections 6, 17, 38, 50 and schedule 2
- the content of the documents that fall within the scope of your request
- the *Information Privacy Act 2014*
- the *Human Rights Act 2004*
- information publicly available

Public Interest Considerations

My reasons for deciding not to grant access to certain documents and components of these documents are as follows:

Information Disclosure – Schedule 2 of the Act

The Act recognises the right of every person to obtain access, under its provisions, to government information (see section 7, the Act). As an Information Officer, I am required to allow access to information subject to the Act, unless, on balance, disclosure would be contrary to the public interest.

In assessing the public interest, I must apply the test outlined under section 17 of the Act which requires consideration of factors favouring disclosure, any favouring nondisclosure and the balance of those factors when considered cumulatively.

Factors Favouring Disclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2.1(a)(i) – promote open discussion of public affairs and enhance the government's accountability
- Schedule 2.1(a)(viii) – reveal the reason for a government decision and any background or contextual information that informed the decision
- Schedule 2.1(a)(iv) – ensure effective oversight of expenditure of public funds

Factors favouring Nondisclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2.2(a)(ii) – prejudice the protection of an individual's right to privacy or any other right under the *Human Rights Act 2004*.
- Schedule 2.2(a)(xi) – prejudice trade secrets, business affairs or research of an agency or person

Personal Information

Documents relevant to your application contain personal information of individuals. I have considered how the public interest would be advanced by releasing this information in part or in whole. It is my view that the information if disclosed, could reasonably be expected to prejudice the protection of an individual's right to privacy under section 12 of the *Human Rights Act 2004*. On balance, and the information available to me, I am satisfied that the disclosure of this personal information is not in the public interest, and would not serve to promote open discussion, enhance government accountability, reveal the reason for a decision or ensure effective oversight of expenditure of public funds.

To provide you with the information that I have determined to be in the public interest to release, copies of some documents have been prepared with personal information redacted in accordance with section 50 and the Objects of the Act.

Business Affairs

Scheduled item 65 includes the banking details of some businesses. I have considered how the public interest would be advanced by releasing this information in part or in whole. It is my view that the information if disclosed, could reasonably be expected to prejudice the business affairs of an agency or individual. On balance, and the information available to me, I am satisfied that the disclosure of this information is not in the public interest, and would not serve to promote open discussion, enhance government accountability, reveal the reason for a decision or ensure effective oversight of expenditure of public funds.

To provide you with the information that I have determined to be in the public interest to release, copies of some documents have been prepared with personal information redacted in accordance with section 50 and the Objects of the Act.

Charges

In accordance with section 107(2) of the Act any charges applicable are waived.

Online Publication

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log. Your original access application, this decision and documents released will be published in the EPSDD disclosure log no earlier than three days after you receive this decision. Your personal contact details will not be published.
