Dear [REDACTED]

Decision on Freedom of Information Access Application 22/40112

I refer to your application made under section 30 of the *Freedom of Information Act 2016* (the Act) received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 8 April 2022.

Specifically, you are seeking:

"...copies of all documents and records relevant to DA 201833361 and all amendment applications for Block 4 Section 46 Turner between ACT Environment and Planning Directorate and all other parties within and external to ACT Environment and Planning Directorate including "developer parties" from 1 September 2021 until cob 8 April 2022 inclusive. Please include all faxes, emails, application forms and records of phone conversations and meetings."

I am an Information Officer appointed under section 18 of the Act to deal with access applications made under Part 5 of the Act.

EPSDD must make a decision on your application on or by 11 May 2022.

Searches Conducted

Comprehensive searches were conducted and three documents containing information within the scope of your application were identified.

Decision on Access

I have included as **Attachment A** to this decision the schedule of relevant documents. The schedule provides a description of each document that falls within the scope of your application and the access decision for each of those documents.

I have decided to grant full access to the three documents relevant to your application.

My access decisions are detailed further in the following statement of reasons and the documents released to you are provided as **Attachment B** to this letter.

Material Considered

In reaching my access decision, I have taken the following into account:

- the FOI Act, particularly sections 6, 17 and Schedule 2

- the content of the documents that fall within the scope of your request
- your views regarding the public interest
- information publicly available

Public Interest Considerations

My reasons for deciding not to grant access to certain documents and components of these documents are as follows:

Information Disclosure – Schedule 2 of the Act

The Act recognises the right of every person to obtain access, under its provisions, to government information (see section 7, the Act). As an Information Officer, I am required to allow access to information subject to the Act, unless, on balance, disclosure would be contrary to the public interest.

In assessing the public interest, I must apply the test outlined under section 17 of the Act which requires consideration of factors favouring disclosure, any favouring nondisclosure and the balance of those factors when considered cumulatively.

Factors Favouring Disclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2, 2.1(a)(viii) – reveal the reason for a government decision and any background or contextual information that informed the decision.

Factors favouring Nondisclosure

In applying the public interest test, I have determined that no factors favouring nondisclosure of the information are applicable.

Charges

In accordance with the *Freedom of Information (Fees) Determination 2018* no charges are applicable to this application, the number of pages to be released is below the minimum threshold.

Online Publication

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log. Your original access application, this decision and documents released will be published in the EPSDD disclosure log no earlier than three days after you receive this decision. Your personal contact details will not be published.
