Dear [REDACTED]

Freedom of Information Request: 19/17023

I refer to your application under section 30 of the Freedom of Information Act 2016 (the Act), received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 30 May 2019, in which you sought access to *“Major Projects Review Group” report and decision into the proposed development at 2 Fitzroy Street, Forrest (Block 8, Section 35, Forrest) relating to their decision to reverse the original decision by the planning directorate to reject the submitted development application that included a second office and a car stacker.*

In addition, you also requested the following:

- *All correspondence and material submitted to the review group;*
- *All correspondence and material issued by the review panel, including the final report; and*
- *A copy of any ministerial advice provided to and from the review panel.*

I am an Information Officer appointed under section 18 of the Act to deal with access applications made under Part 5 of the Act.

EPSDD is required to make a decision on your access application by 28 June 2019.

Decision on Access

I have included, as **Attachment A** to this decision, the schedule of relevant documents. This schedule provides a description of each document that falls within the scope of your request and the access decision for each of those documents.

I am granting access to five documents in full.

Two documents identified as relevant to your request contain information that I consider would, on balance, be contrary to public interest to disclose under the test set out in section 17 of the Act.

Under section 50 of the Act, I am granting access to copies of these documents with deletions applied to the information that I consider would be contrary to public interest to disclose.

Documents for which access has been granted in full or partially are at **Attachment B**.

My decisions on access are detailed further in the following statement of reasons.

Material Considered

In reaching my decision on access, I have taken the following into account:

- the Act, particularly sections 17, 50 and Schedule 2;
- the *Information Privacy Act 2014* (Privacy Act); and

- the content of the documents that fall within the scope of your request.

Public Interest Considerations

My reasons for deciding access to documents are set out below. In reaching my decision I have applied the public interest test under section 17 of the Act as follows:

Information Disclosure - Contrary to the Public Interest

The Act recognises the right of every person to obtain access, under its provisions, to government information (see section 7 of the Act). As an Information Officer, I am required to allow access to information subject to the Act unless, on balance, disclosure would be contrary to the public interest.

In assessing the public interest, I must apply the cascading test set out by section 17 of the Act which requires consideration of factors favouring disclosure, any factors favouring non-disclosure and the balance of those factors when considered cumulatively.

Personal Information

Some items are scheduled for partial release as they contain information that falls within the meaning of personal information as defined by the Act.

I have considered the Territory Privacy Principles of the Privacy Act and the release of this information, and my view in this instance is that the identification of these third parties would not serve to further open discussion, government accountability, informed debate and the provision of contextual or background information.

I am satisfied that the disclosure of identified personal information could reasonably be expected to prejudice the protection of an individual's right to privacy under the *Human Rights Act 2004*; this is a factor favouring nondisclosure under Schedule 2.2(a)(ii) of the Act.

In balancing public interest considerations, I am satisfied that, on the information available, disclosure of the identified personal information of members of the public may constitute a breach of privacy and disclosure is therefore contrary to the public interest.

Online Publication – Disclosure Log

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log. Your original access application, my decision and documents released to you in response to your access application will be published in the disclosure log. Your personal contact details will not be published.

You may view our disclosure log at <http://www.environment.act.gov.au/about/access-government-information/disclosure-log>.

Ombudsman Review

My decision on your access application is a reviewable decision as identified in Schedule 3 of the Act. You have the right to seek Ombudsman review of this outcome under section 73 of the Act within 20 working days from the day that my decision is published in the disclosure log, or a longer period allowed by the Ombudsman.
