Dear [REDACTED]

Decision on Freedom of Information Access Application 22/25637

I refer to your application made under section 30 of the *Freedom of Information Act 2016* (the Act) received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 11 March 2022.

Specifically, you are seeking:

"...a copy of any Panel Advice provided by the National Capital Design Review Panel (NCDRP) on the plans for any development proposed for Section 38, Wright."

I am an Information Officer appointed under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Third party consultation was undertaken extending the decision due date by 15 working days, EPSDD must make a decision on your application on or by 5 May 2022.

Searches Conducted

Comprehensive searches were conducted and one document containing information within the scope of your application was identified.

Decision on Access

I have included as **Attachment A** to this decision the schedule of relevant documents. The schedule provides a description of each document that falls within the scope of your application and the access decision for each of those documents.

I have decided to grant partial access to the document and, in accordance with section 50 of the Act, provide you with copies of documents with deletions applied to contrary to the public interest information.

My access decisions are detailed further in the following statement of reasons and the documents released to you are provided as **Attachment B** to this letter.

Material Considered

In reaching my access decision, I have taken the following into account:

- the FOI Act, particularly sections 6, 17, 38, 50 and Schedule 2
- the content of the document that falls within the scope of your request
- the *Human Rights Act 2004*.

Third Party Consultation

In accordance with section 38 of the Act, as release of the information in scope of the application could be of concern to a third party, consultation was undertaken.

No objections to release were received from the third party.

Public Interest Considerations

My reasons for deciding not to grant access to components of the document are as follows:

Information Disclosure – Schedule 2 of the Act

The Act recognises the right of every person to obtain access, under its provisions, to government information (see section 7, the Act). As an Information Officer, I am required to allow access to information subject to the Act, unless, on balance, disclosure would be contrary to the public interest.

In assessing the public interest, I must apply the test outlined under section 17 of the Act which requires consideration of factors favouring disclosure, any favouring nondisclosure and the balance of those factors when considered cumulatively.

Factors Favouring Disclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2, 2.1(a)(i) – promote open discussion of public affairs and enhance the government's accountability.

Factors favouring Nondisclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2, 2.2(a)(ii) – prejudice the protection of an individual's right to privacy or any other right under the *Human Rights Act 2004*.

Personal Information

The document relevant to your application contains the personal information of individuals (names of panel members). I have considered how the public interest would be advanced by releasing this information in part or in whole. It is my view that the information if disclosed, could reasonably be expected to prejudice the protection of an individual's right to privacy under section 12 of the *Human Rights Act 2004*. On balance, and the information available to me, I am satisfied that the disclosure of this personal information is not in the public interest.

To provide you with the information that I have determined to be in the public interest to release, a copy of the document has been prepared with personal information redacted in accordance with section 50 and the Objects of the Act. These redactions are minor in nature.

Charges

In accordance with the *Freedom of Information (Fees) Determination 2018* charges are not applicable to this application, as less than 50 pages are being released.

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log.
