

C16 – Community grants/assistance sponsorship

Heritage Grants

No	Organisation/Recipient	Project description/process/period of time engaged	Outcomes	Amount
1	Conservation Council ACT Region Inc.	'Tuggeranong's Treasures' Booklet	A booklet describing the natural and cultural treasures of the Tuggeranong Valley.	25,350
2	Simon Kringas	Forrest Fire Station Residence conservation works	Conservation and preservation works to a building that forms part of the heritage-listed Forrest Fire Station Precinct.	3,630
3	Canberra Contemporary Art Space (CCAS)	Growing Up Planned	An exhibition by nine contemporary artists, designers and architects who grew up in Canberra during the period of the National Capital Development Commission that reflects on the history of the city and their personal family story.	10,000
4	Cultural Heritage Management Australia (CHMA)	Lanyon Heritage Precinct Aboriginal archaeological investigations	An archaeological investigation of two potential archaeological deposits identified within the Lanyon Precinct that will explore the nature of Aboriginal occupation within the area.	38,120
5	Ms Karen Dace and Ms Eleanor Cotterell	Photographic exhibition – Huts, Heritage and Homesteads in the ACT Pre-1913	A photographic exhibition of iconic huts, historic buildings and homesteads which existed prior to the founding of the ACT.	2,150
6	Village of Hall and District Progress Association (VHDPA)	Celebrating Canberra's Early Schools and Teachers	An exhibition that will identify research and tell the stories of Canberra's earliest schools and teachers.	6,140
7	National Trust of Australia (ACT Chapter)	Civic Merry-go-Round interpretive sign	A Canberra Tracks interpretive sign that will provide insight into the history and significance of the heritage-listed Merry-go-Round.	3,500
8	National Trust of Australia (ACT Chapter)	National Trust Self-Guided Tours iphone app	A user friendly and free iphone app that utilises and builds upon the popular National Trust series of self-guided walking tours around Canberra.	15,480
9	All Saints Anglican Church Ainslie	Restoration of All Saints Anglican Church Ainslie stained glass window	The second stage of conservation works to the iconic Sheffield stained glass window in the heritage-listed All Saints Church, Ainslie.	15,000
10	Geological Society of Australia	Vegetation history of the Hume fossil site	To reconstruct the vegetation history of the rare and highly significant Hume fossil site (listed on the ACT Heritage Register) that contains bones and teeth of extinct Pleistocene megafauna.	2,045
11	The Anglican Parish of St John the Baptist	Conservation works to St John's Reid	A continuation of conservation works to preserve the integrity of the historic 1840s St John the Baptist Church.	16,000
12	Australian Institute of Architects (ACT Chapter)	Dirk Bolt Monograph – printing and publishing	Stage 2 of a publication that will record the work and increase awareness of Dirk Bolt, an architect and town planner of significance in Canberra.	15,000
13	Australian National University	The Witness Tree Project	An exhibition based on a successful model in the US, where wood from fallen Canberra Witness trees is used by selected artists to create objects inspired by the cultural history 'seen' by the tree.	18,050

14	Ainslie Tennis Club Ainslie	Building works and Canberra Tracks sign	Rewiring and Canberra Tracks interpretive signage at the Ainslie Tennis Club, Corroboree Park Heritage Precinct.	11,675
15	Val Jeffery	Tharwa Public Hall restoration work	Urgent conservation works at Tharwa Public Hall.	9,460

Environment Grants

No	Organisation/Recipient	Project description/process/period of time engaged	Outcomes	Amount
1	Canberra Indian Myna Action Group (CIMAG)	Spotted dove public education project	Inform the public about spotted doves, their recent incursion into the ACT and their potential to become another feral pest. Project will encourage the public to report sightings, reduce direct feeding, remove eggs/chicks and destroy nests where found on private property, which may lead to a concerted targeted community-action control program.	3,400
2	Canberra Indian Myna Action Group Inc	Indian myna public education project	Provide the community with the practical knowledge to reduce the numbers of Indian myna birds in their local area. The education materials will describe various actions that people can take to reduce mynas' feeding, breeding and roosting opportunities, and how to participate in a humane trapping program.	5,400
3	Scout Association of Australia ACT Branch Inc. (Scouts ACT)	Camp Cottermouth weed control and rehabilitation	Rehabilitate approximately one hectare area where elms were removed, control three significant pest plant species in the woodland areas of the Camp, and build on past work to control pest plant species on the open grassland areas by mowing to prevent flowering and seeding of weed species.	11,004
4	Ginninderra Catchment Group (GCG)	Catchment wide pest species mapping and coordinated control program	Provide equipment to GCG member groups, enabling them to increase their efficiency at weed control, and better integrate their knowledge of location of weed and pest species to the ACT Government. This information can be used to improve management of reserves in which volunteers work.	5,875
5	Southern ACT Catchment Group (SACTCG)	Catchment wide pest species mapping and coordinated control program	Provide equipment to SACTCG member groups, enabling them to increase their efficiency at weed control, and better integrate their knowledge of location of weed and pest species to the ACT Government. This information can be used to improve management of reserves and other areas in which volunteers work.	5,875
6	National Parks Association of ACT Inc (NPA ACT) jointly with Gudgenby Bush Regeneration Group Inc (GBRG)	Trial rehabilitation of selected areas of Namadgi National Park having regard to traditional land management practices	Rehabilitation of eroded gullies and restoration of unhealthy isolated tree outcrops in the Gudgenby Valley by, among other things, trying different types of plantings (e.g. planting tea trees and acacias before eucalypts), creating landscape wicks to restore the connection between rocky knolls and water soaks, removing excess dead matter and litter, undertaking weeding, and generally supporting tree and understorey health.	4,427

7	Molonglo Catchment Group (MCG)	Catchment wide pest species mapping and coordinated control program	Provide equipment to MCG member groups, enabling them to increase their efficiency at weed control, and better integrate their knowledge of location of weed and pest species to the ACT Government, so this information can be used to improve management of reserves in which volunteers work.	5,875
8	Friends of the Aranda Bushland Inc	Erosion control in the Aranda Snow Gums Reserve Phase 2	Continue work done with the assistance of a previous environment grant to reduce erosion by enhancing vegetation and slowing water flow using coir logs, cutting off weed-stem bunches, precipitating sediment along the gully floor with coir logs to produce a chain of ponds and raising the water table throughout the site, thus reducing the water stress on the snow gums along the banks.	4,354
9	John Hyles Paddy's River Landcare Group	African love grass containment and control in 'Booroomba' and upper reaches of the Paddy's River	Spray foliar herbicide on African love grass on Booroomba using the specialist machinery and skilled labour of paid staff, a local contract weed sprayer in addition to the contribution from family members. Annual monitoring and follow-up spraying will be done outside of this grant funding.	39,880
10	Greening Australia Capital Region	Seeding Community Spirit	The project will collect, process and propagate grassy understorey seed. Intensive seed production systems (SPSs) will be established in boxes and purpose built beds to grow the selected understorey species. Volunteers will assist in the establishment, maintenance and collection of seed from these SPSs.	38,850
11	SEE-Change Inc	Living with the Jerrabomberra Wetlands	Host two workshops on the flora and fauna of the wetlands, including weeds and animal pests, leading to 10 monthly working party visits to the area in collaboration with the programs of number of community groups and Friends of Territory and Municipal Services staff and the Jerrabomberra Wetlands management board. The project will recruit community members to form an on-the-ground team that would complete fencing, tree planting and weeding projects.	7,342
12	Southern Tablelands Ecosystem Park Inc	STEP Master Plan Stage 2 – Outdoor Education Space	Hold a competition to develop the concept for STEP outdoor shelter for education programs. The project will design and publish a site of online education program resources and establish training proposal/program for 2013 with ACT Education Directorate for education programs at the STEP site.	9,900
13	Ginninderra Catchment Group	Wildlife corridor restoration, Gundaroo Drive, Gungahlin	Remove a section of the weedy windbreak and replace with suitable native plant species, providing a wider habitat for ground dwelling animals, and continuing to provide protection to small birds. Provide opportunities for local residents to get involved in planting activities.	7,380

Tune Up Canberra

No	Organisation/Recipient	Project description/process/period of time engaged	Outcomes	Amount
1	Hamib Pty Ltd	Tune Up Canberra – 40 Macquarie St Barton: Stage 2 – 20% payment	Facilitating a reduction in energy use and emissions through the sponsored retrofit of commercial properties.	20,086
2	Colonial First State Property Management	Tune Up Canberra – 15 Bowes St Phillip: Stage 2	Facilitating a reduction in energy use and emissions through the sponsored retrofit of commercial properties.	163,636

Community Partnerships

No	Organisation/Recipient	Project description/process/period of time engaged	Outcomes	Amount
1	Canberra and Southeast Region Environment Centre	Community partnerships	As part of the partnership, the Canberra Environment and Sustainability Resource Centre will assist in environmental policy development, community engagement, research analysis and information and develop partnerships with government and the private sector to improve environmental outcomes for the ACT.	53,144
2	Conservation Council of Southeast Region and Canberra	Community partnerships	As part of the partnership, the Conservation Council will assist in environmental policy development, community engagement, research analysis and information and develop partnerships with government and the private sector to improve environmental outcomes for the ACT.	55,858
3	See-Change	Community partnerships	As part of the partnership, SEE-Change will assist in environmental policy development, community engagement, research analysis and information and develop partnerships with government and the private sector to improve environmental outcomes for the ACT.	106,562

Outreach

No	Organisation/Recipient	Project description/process/period of time engaged	Outcomes	Amount
1	Belconnen Community Service Inc	Outreach Program	The Outreach Program provides eligible low income households with some or all of the following assistance: new energy and water-efficient appliances to replace old, inefficient appliances; a home energy efficiency assessment; and a retrofit to improve the energy and water efficiency of households.	\$264,000
2	Communities @ Work	Outreach Program	The Outreach Program provides eligible low income households with some or all of the following assistance: new energy and water-efficient appliances to replace old, inefficient appliances; a home energy efficiency assessment; and a retrofit to improve the energy and water efficiency of households.	\$264,000

3	Northside Community Service	Outreach Program	The Outreach Program provides eligible low income households with some or all of the following assistance: new energy and water-efficient appliances to replace old, inefficient appliances; a home energy efficiency assessment; and a retrofit to improve the energy and water efficiency of households.	\$264,000
4	St Vincent de Paul Society Gungahlin	Outreach Program	The Outreach Program provides eligible low income households with some or all of the following assistance: new energy and water-efficient appliances to replace old, inefficient appliances; a home energy efficiency assessment; and a retrofit to improve the energy and water efficiency of households.	\$264,000
5	YWCA OF CANBERRA	Outreach Program	The Outreach Program provides eligible low income households with some or all of the following assistance: new energy and water-efficient appliances to replace old, inefficient appliances; a home energy efficiency assessment; and a retrofit to improve the energy and water efficiency of households.	\$264,000

Sponsorships

No	Organisation/Recipient	Project description/process/period of time engaged	Outcomes	Amount
1	Surveying and Spatial Sciences Institute Ltd		Bronze Sustaining Partner Program 2012–2013	1,500
2	ACT Regional Building and Construction Industry Training Council (CITC)		2012 CITC Training Excellence Award (Bronze)	1,500
3	ACT Rural Landholders Association		Contribution to Year of the Farmer event	1,000
4	CITSA		Gold Sponsorship Momentum	1,000
5	QLD Regional National Resource Management (NRM) Groups Collective		Contribution to National NRM Regions Work Group	1,500
6	Planning Institute Australia		ACT 2013 Planning Institute of Australia Congress	20,000
