Hi John,

The results from the safety slogan survey are attached for your review.

The top two entries from the 41 responses are below:

1. "Working safely to bring communities to life" 8/41
2. "Creating great places, where communities thrive – maintaining safe workplaces, so our people survive" 7/41

Both of these slogans represent the SLA values of safety and the community but as slogans, punchlines and tag lines are usually short, catchy, simple and make a point in minimum words, I would recommend the entry "Working safely to bring communities to life" as our winning entry, to be adopted as our Agency safety slogan.

If you agree, I would like to announce this and present a small gift to the winner at the next all staff stand up on 7 February.

I intend to use the slogan on all Agency safety related correspondence and also to replace the current slogan I use in my signature block.

Regards,

Matthew Colman

Senior Workplace Health and Safety Manager
"Tomorrow is your reward for working safely today"
