Subject: FOI request re tree felling Tharwa in Murrumbidgee River Corridor

Follow Up Flag: Follow up
Flag Status: Flagged

I make the following request under the Freedom of Information Act 2016.

I seek all information relating to the removal of trees within the Murrumbidgee River Corridor between the Tharwa Bridge and Cuppacumbalong/De Salis cemetery over the past 5 years.

This information might include, but not be limited to emails, briefs, notes, reports, talking points, records of phone calls or other documents relating to:

- the assessment of the health of the trees within the Murrumbidgee River Corridor between the Tharwa Bridge and the Cuppacumbalong / De Salis Cemetery
- the removal of invasive and dangerous trees that impact public safety
- maps or other documents or instructions identifying trees to be removed and the manner in which they are to be /were to be removed
- the proposed timeline for this work to be undertaken
- the guidelines for how felled trees are to be managed, and the environmental recommendations for these actions
- the work plans and approvals for the work to be undertaken
- the Arborist Report/s about these trees
- the budget for this work both planned and actual
- any correspondence about and / or emergency work plans that are associated with tree removal in this section of the corridor for the last 5 years
- any correspondence / proposals for community consultation around these projects
- any further tree removal works to be completed and reasons/reports for this
- any trees identified for removal and why, and why they may not yet have been removed

I seek a remission of fees relating to this request.

Regards
