Good evening

I write to request under the *Freedom of Information Act 2016* the final results for all surveys and polls commissioned or received by the ACT Government since my last request. Surveys and polls may include, but are not limited to, research performed by Orima Research Pty Ltd, Q&A Market Research, or received as part of a YourSay Community Panel or consultation.

These documents may include but are not limited to reports issued by the consultants or contractors and include questions, results, conclusions, analysis and/or recommendations.

Should you require any further information or clarification about my request, please contact my office on [REDACTED]

Kind regards,

[REDACTED]
