Good Afternoon,

RE: FOI REQUEST – WESTERN EDGE INVESTIGATION

I write to request under the *Freedom of Information Act 2016* a copy of the scoping and land suitability investigations including but not limited to preliminary environmental, ecological, planning, heritage, drainage and infrastructure studies conducted by and/or on behalf of the EPSDD on Western Edge from 2019 till present. I ask that my request includes Ministerial Briefs as well as correspondence to and from ACT ministers in relation to *Western Edge Investigation*.

Should you require any further information or clarification about my request, please contact my office on [REDACTED].

Best,
