Dear [REDACTED]

Freedom of information request: 18/35058

I refer to your application under section 30 of the *Freedom of Information Act 2016* (the Act), received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 21 November 2018, in which you sought access to information relating to the development of the 'Ngunnawal Trail'.

Specifically, you are seeking:

"I write to request any and all documents and information held, by the Environment, Planning and Sustainable Directorate and the office of the Minister for Heritage relating to the development of the 'Ngunnawal Trail' which was included in the ACT Heritage Grants 18/19"

On the 21 November 2018, you sent a second application for information held by the Environment, Planning and Sustainable Development Directorate (EPSDD) seeking access to information to the grant of the 'Ngunnawal Trail'.

In the second application you are specifically seeking:

"I write to request any and all documents and information held, by the Environment, Planning and Sustainable Development Directorate and the Office of the Minister for Heritage relating to the development of the 'Ngunnawal Trail' which was included in the ACT Heritage Grants 18/19"

As advised in the email of 7 December 2018 the Directorate considered your two applications as one for processing, in accordance with section 43(2) of the *Freedom of Information Act 2016*.

I am an Information Officer appointed by the Director-General under section 18 of the Act to deal with access applications made under Part 5 of the Act.

Following third party consultation and your agreement to extend the due date for decision, EPSDD is required to make a decision on your access application by 7 February 2019.

Decision on access

Searches were completed for documents relevant to your access request and 59 documents of 161 pages in total were identified that fall within the scope of your request.

I have included as **Attachment A** to this decision the schedule of documents relevant to the scope of your request. The schedule provides a description of each document and the access to these documents.

I have decided to grant access, under section 50 of the Act, to copies of documents with exemptions applied to information that I would consider would be contrary to the public interest to disclose.

My decisions on access are further detailed in the following statement of reasons and the documents released to you are provided as **Attachment B** to this letter.

Material considered

In reaching my access decision, I have taken the following into account:

- the *Freedom of Information Act 2016*, with consideration given to sections 17, 38 and schedules 1, 2 and 3;
- the content of the documents that fall within the scope of your request;
- the views of third parties relating to the release of information concerning third parties; and
- information contained within the public domain

Exempted documents

My reasons for deciding not to grant access to documents and components of information held within identified documents are as follows:

Contrary to the public interest information under Schedule 2 of the FOI Act

In assessing the public interest, I must apply the descending test outlined under section 17 of the Act which requires consideration of all factors favouring disclosure, any favouring nondisclosure and the balance of those factors when considered collectively.

Personal Information

I have considered the release of personal information and my view in this instance is that the identification of third parties would not serve to further open discussion, government accountability, informed debate and the provision of contextual information.

I am satisfied that the disclosure of this personal information could reasonably be expected to prejudice the protection of an individual's right to privacy under the *Human Rights Act 2004*. Disclosure of the information could reasonably be expected to interfere with the protection of the privacy of the individual's concerned this is a factor favouring nondisclosure under Schedule 2.2 (a) (ii) of the Act.

On balance of these public interest considerations and the information available, I have concluded that disclosure of the identified personal information contained within the documents may constitute a breach of those individuals' privacy and is therefore contrary to the public interest.

Online publishing – disclosure log

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log. Your original access application and my decision will be published in the EPSDD disclosure log from three days after the date of this decision. Your personal contact details will not be published.
