Dear [REDACTED]

Decision on Freedom of Information Access Application 22/37671

I refer to your application made under section 30 of the *Freedom of Information Act 2016* (the Act) received by the Environment, Planning and Sustainable Development Directorate (EPSDD) on 6 April 2022.

Specifically, you are seeking:

“All Ministerial endorsed requests in the last 6 months seeking funding assistance from the Federal Government for the delivery of capital and recurrent projects and services.”

I am an Information Officer appointed under section 18 of the Act to deal with access applications made under Part 5 of the Act.

EPSDD must make a decision on your application on or by 9 May 2022.

Searches Conducted

Comprehensive searches were conducted and one document containing information within the scope of your application was identified.

Decision on Access

I have included as **Attachment A** to this decision the document schedule. The schedule provides a description of the document that falls within the scope of your application and the access decision for this document.

I have decided to grant full access to the document relevant to your application.

My access decisions are detailed further in the following statement of reasons and the document released to you is provided as **Attachment B** to this letter.

Material Considered

In reaching my access decision, I have taken the following into account:

- the FOI Act, particularly sections 6, 17, and Schedule 2
- the content of the document that falls within the scope of your request.

Public Interest Considerations

Information Disclosure – Schedule 2 of the Act

The Act recognises the right of every person to obtain access, under its provisions, to government information (see section 7, the Act). As an Information Officer, I am required to allow access to information subject to the Act, unless, on balance, disclosure would be contrary to the public interest.

In assessing the public interest, I must apply the test outlined under section 17 of the Act which requires consideration of factors favouring disclosure, any favouring nondisclosure and the balance of those factors when considered cumulatively.

Factors Favouring Disclosure

In applying the public interest test, I have determined that disclosure of the information could reasonably be expected to do the following:

- Schedule 2, 2.1(a)(i) – promote open discussion of public affairs and enhance the government's accountability.

Factors favouring Nondisclosure

In applying the public interest test, I have determined that no factors favouring nondisclosure of the information are applicable.

Charges

In accordance with the *Freedom of Information (Fees) Determination 2018*, no charges are applicable to this application. The number of pages to be released is below the minimum threshold.

Online Publication

Under section 28 of the Act, EPSDD maintains an online record of access applications called a disclosure log. Your original access application, this decision and documents released will be published in the EPSDD disclosure log no earlier than three days after you receive this decision.
